Memorandum

To: Inspection File, Pueblo of Laguna Uranium Leases
1, 4, and 8-Anaconda Minerals Company

From: District Mining Supervisor, Albuquerque District

Subject: Aircraft inspection of the Jackpile-Paguate Mine

August 24, 1982, I conducted the subject inspection with Marc Nelson and Gregory Smith. The purpose of the inspection was the examination of existing conditions related to reclamation of the mine. Several waste dumps, pits and protore stockpiles were examined (see enclosed photos). No activities were in progress at the time of the inspection, and no violations of the lease terms were observed.
